

# Polycom® Video Conferencing Transport Cases

Custom Protection for Durability, Mobility and Convenience

## Benefits

### Protection for Your Investment –

Extend the life of your HDX and VSX™ systems and reduce the risk of damage during shipping

### Easy & Convenient Travel –

Each case is custom designed for mobility and efficiency, fitted for easy product loading and unloading, with handles and wheels for effortless portability

### Storage & Security –

Whether in transit or simply not in use, Polycom cases provide hardware with the ideal, tidy and effective downtime environment that provides security and protection against light, vibration, moisture and dust

### Peace of Mind –

No matter what the conditions, travelers and field agents can remain focused and assured that their Polycom hardware remains safe and secure in durable, reliable, custom-fitted cases

Polycom Custom Transport Cases keep your video conferencing hardware safe and effective on the move.

Whether for disaster relief or company expansion, effective mobile communications cannot be compromised. Polycom offers a variety of convenient and attractive carrying cases custom designed to protect Polycom video conferencing systems from variable conditions in the field and on the go. These sturdy cases keep mission-critical equipment in optimum condition, ready for use any time.

- Water-jet customized polyethylene foam interior
  - Resists dirt and moisture; puncture resistant; excellent shock absorption; superior resistance to vibration and compression
- Secure clasps and double throw latches
  - Keep cases firmly fastened and most feature clamp locks on three sides for added security
- Edged casters and extension handle included on most models
  - Sturdy, fluid rolling mobility
- Custom fit product accommodations
  - Enhanced stability; easy product loading and unloading

### Make Great Things Happen with Video Conferencing Transport Cases

In today's Internet driven world, the ability to conduct real time communication and collaboration has become critical to an organization's survival. As the market leader in voice, video, data and Web solutions, our award-winning conference technology makes it easy for people to interact and maximize productivity — over any network, in just about any environment, anywhere around the globe. That's why more organizations worldwide use and prefer Polycom conferencing solutions. Because when people work together, great things happen. See how you, too, can achieve great things with Polycom Video Conferencing Transport Cases.
